PRESENT AT SITE:			
Great Basin Concrete			
Brian Wilcox – Kirk N. Ellis & Associates			

REPORT DATE: 11/10/2009

As part of Kirk N. Ellis & Associates Construction Phase Support, this office went to inspect the current state and quality of construction at the residence located at 2445 Faretto Lane, Reno, Nevada.

The following was noted:

1. The basement concrete retaining wall had been completely reinforced and both sides of the forms secured in place.
2. Pouring had begun earlier and was currently in process.
3. At a few locations the rebar was a available for inspection. The corners and top reinforcing appears to comply with KNE structural drawings. See Fig. 1.
4. The Upper garage footing was in the process of being formed and rebar bent and placed. See Fig. 2.

FIG. 1: TOP REINFORCING AT CORNER

FIG. 2: UPPER GARAGE FOOTING FORMS AND REINFORCING

If you have any questions or comments, please feel free to call.

Sincerely,

KIRK N. ELLIS & ASSOCIATES
STRUCTURAL & CIVIL ENGINEERS, LTD.

Kirk N. Ellis, S.E., P.E.
President
